

## Attention:

Benton Country Club plans to stay open till Governor Beshear announces that golf courses specifically must close. We also want to provide a safe environment and adhere to the social distancing guidelines that were put in place by Governor Beshear.

Rules for Benton Country Club:

1. One person per rental cart no exceptions. Private carts we ask that you try to stay one person per cart. Married couples and families we ask that you proceed at your own risk in private carts if you choose to ride together.
2. No gathering or sitting in the pro shop.
  - a. Please do not sign-in.
  - b. No hot dogs, popcorn, or coffee will be available.
  - c. We will wipe down door knobs and counters throughout the day to try and keep clean.
3. Anyone using the bathroom we ask that you exit out the outside doors of the ladies and men's restrooms and don't come back through the pro shop. Also, we ask you wash your hands anytime you use the restroom.
4. The ice machine is off limits to all members.
5. Leave flagstick in at all times during round of golf.
6. We hope to provide some enjoyment during and otherwise serious time in our country.

We just ask our membership to please follow these rules so we can keep the doors open for play. Please if you are in anyway sick or feel bad stay home. If you are high-risk candidate please use great caution. Please use good hygiene practices not just at the golf course but in your daily lives. We believe these practices will allow us to continue to serve our great membership.

Thank You

Board of Directors and Golf Staff
